HOME CARE & HYGIENE

Today more than ever before there is a key focus on health and how sensitive living things are in the balance of nature. Hygiene is a key factor of home, work or even in a travel environment.

For over 60 yrs GWC has been a market leader in providing label printing solutions for both the domestic & international packaging industry. Our suit of proven techniques from design to labelling and packaging have provided printing solutions for a vast majority of Fast Moving Consumer Goods.

HAND SANITIZER

QR Code

Hologram Label

HOME CARE & HYGIENE

Hand sanitizers and similar agents contain alcohol and other chemicals that can effect the print matter or the material of the labels itself.

HAND SANITIZER

HOME CARE & HYGIENE

We use customized labeling materials and substrates to cater to every unique application to counter all challenges faced by the effects of erosion

Personal health, home and workspace sanitation is a growing concern, leading to a huge demand of innovative products related to the home and hygiene industry. We at GWC help our partners create and print labels for their paticyler requirements.

TOILET CLEANER

HOME CARE & HYGIENE

With a variety of surface cleaning agents we cater to a many different avenues using friendly Inks, paper and films for products like hand wash and home sanitation chemicals, from utensils cleaning to floor and ties sanitization products, all require mandatory information of the content, beautification and of course security features to prevent counterfeiting.

DISH WASHER

HOME CARE & HYGIENE

Over the course of a product lifecycle, household , personal hygiene products and labels see constant handling and heavy-duty use, content spill and its effect can damage the labels.

HAND ANTISEPTIC

HOME CARE & HYGIENE

From all legal parameters to content information the label plays a strategic part in completing the final components.

LIQUID HAND SOAP

HOME CARE & HYGIENE

As with all pressure sensitive labels, paper face sheets provide extremely versatile product marking option. These options include many different adhesive structures to meet your packaging specification and a paper portfolio that includes semi-gloss, high-gloss, fluorescent, foil, translucent, metalized and matte-coated face sheets.

ORGANIC SOAP

HOME CARE & HYGIENE

FILM: Our portfolio of pressure sensitive film labels achieve a “no label look” on a variety of containers, including plastic and glass. They hide square halos, irregular patterns and corners, creating new creative opportunities for transparent, metallic and opaque decoration designs.
